

# Curso de Git Inicial

04

# Clase

Branch, Pull, y Push

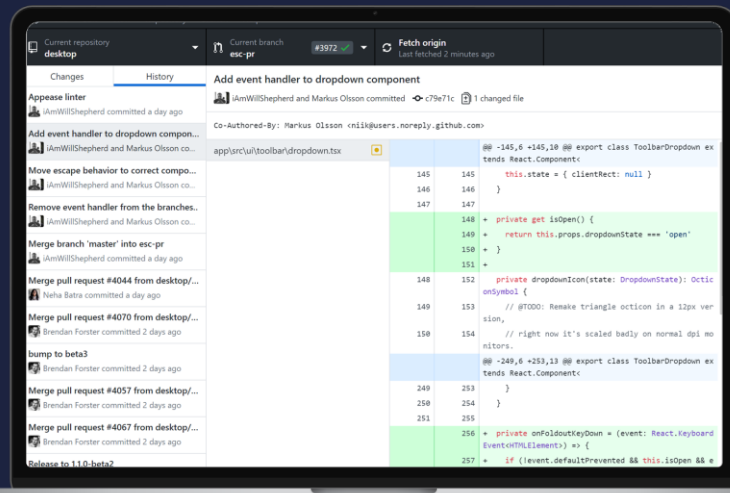

# Branches:

master y  
develop

# Branches: master y develop

Los **branches** son ramas de nuestro proyecto que nos permite manejar diferentes versiones de un mismo producto.

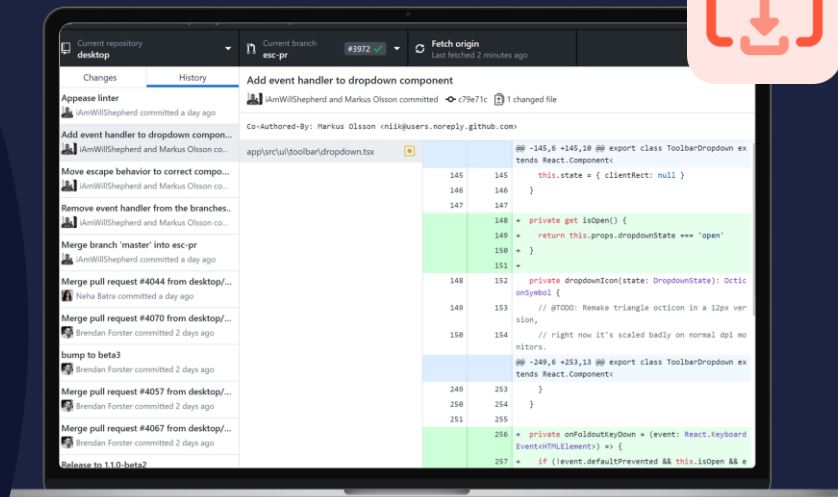

Pull

The image features a dark blue background with several light blue geometric elements. In the top right corner, there are three concentric circles. In the bottom right corner, there is a circle filled with diagonal lines. On the left side, there is a large circle with a dotted pattern in its upper-left quadrant. The word 'Pull' is centered in a light blue, sans-serif font.

# Pull

**Pull** es el primer paso de la sincronización de nuestro trabajo con nuestro repositorio. Esta acción nos permite obtener los últimos cambios que se subieron a la nube.

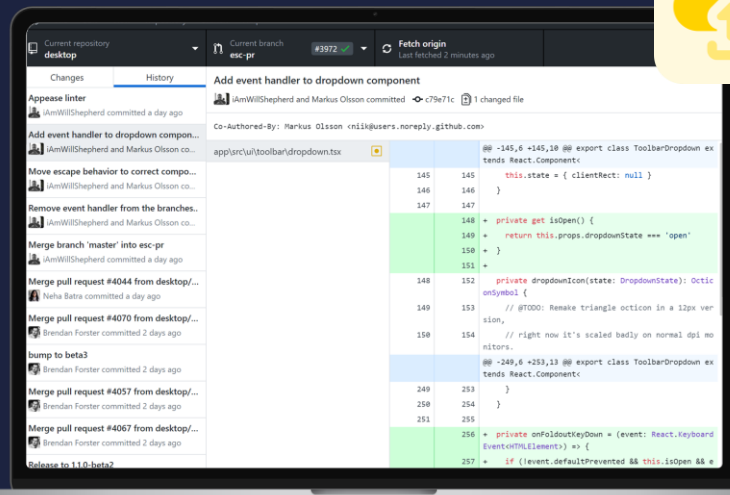

The background is a solid dark blue. In the top right corner, there are three concentric light blue circles. In the bottom right corner, there is a light blue circle filled with diagonal white stripes. On the left side, there is a light blue circle with a white outline. Above it, there is a light blue shape filled with a grid of small white dots. The word "Push" is centered in a light blue, sans-serif font.

# Push

# Push

**Push** es otra de las acciones principales de Git para poder tener nuestro trabajo al día. Lo que nos permite hacer es subir nuestros cambios a la nube para poder compartírselos con el resto del equipo.

The background is a solid dark blue. It features several decorative elements: a cluster of small orange dots in the top-left corner; a single orange circle in the middle-left; a set of three concentric orange circles in the top-right; and a circular area with orange diagonal stripes in the bottom-right. A large, faint orange circle is also visible in the lower-left quadrant.

¡Gracias!
