

Curso de Git Inicial

02

Clase

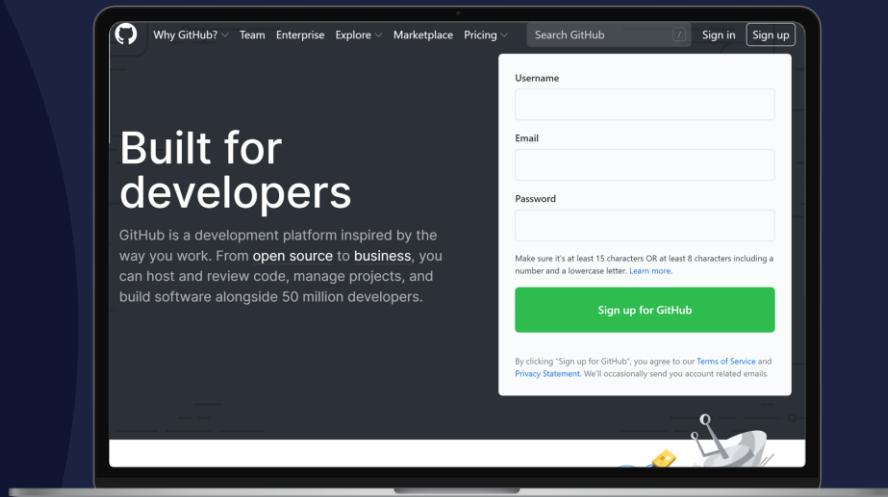

Primeros pasos

Crear una
cuenta

Crear una cuenta

Lo primero que vamos a hacer es crearnos una cuenta en www.github.com, o si ya tenés una, podés ingresar.

Crear un repositorio

Crear un repositorio

Una vez ingresado a nuestra cuenta, vamos a crear un repositorio. Cada repositorio representa un proyecto de trabajo y un espacio en la nube para poder subir nuestros archivos.

The screenshot shows the 'Create a new repository' page on GitHub. The form includes fields for 'Owner' (set to 'RocketCodeArg'), 'Repository name', and 'Description (optional)'. Below these, there are radio buttons for 'Public' and 'Private' visibility, with 'Private' selected. At the bottom, there are checkboxes for 'Initialize this repository with:', including 'Add a README file', 'Add .gitignore', and 'Choose a license'.

Create a new repository

A repository contains all project files, including the revision history. Already have a project repository elsewhere?
[Import a repository.](#)

Owner * Repository name *

 RocketCodeArg /

Great repository names are short and memorable. Need inspiration? How about [congenial-lamp](#)?

Description (optional)

☐  Public
Anyone on the internet can see this repository. You choose who can commit.

☒  Private
You choose who can see and commit to this repository.

Initialize this repository with:
Skip this step if you're importing an existing repository.

☐ Add a README file
This is where you can write a long description for your project. [Learn more.](#)

☐ Add .gitignore
Choose which files not to track from a list of templates. [Learn more.](#)

☐ Choose a license

The background is a solid dark blue. It features several decorative elements: a cluster of small orange dots in the top-left corner; a single orange circle in the middle-left; a set of three concentric orange circles in the top-right; and a circular area with orange diagonal stripes in the bottom-right. A large, faint orange circle is also visible in the lower-left quadrant.

¡Gracias!
